

Red River Army Depot

BRAC 2005 Recommendation:

BRAC 05 recommendations close Red River Army Depot, eliminating excess capacity, reducing redundancy, and consolidating/relocating functions to other DoD Centers of Technical Excellence supporting combat readiness for all services. The recommendations take into consideration the existing synergy of Red River, the Munitions Center, and the DLA Distribution Center, and it relocates each into installations where the synergy is compatible with the gaining installation. The closure establishes better utilization of DoD maintenance capacity for combat and tactical vehicles in a peace time environment while maintaining the capability to surge using government and commercial (partnering) capacity.

Gains:

- Close Red River Army Depot
- New AFRC will be constructed adjacent to Red River Army Depot on National Guard property

Losses:

- Storage and demilitarization functions of the Munitions Center to McAlester Army Ammunition Plant
- Munitions maintenance functions of the Munitions Center to McAlester Army Ammunition Plant and Blue Grass Army Depot
- Depot maintenance of Armament and Structural Components, Combat Vehicles, Depot Fleet/Field Support, Engines and Transmissions, Fabrication and Manufacturing, Fire Control Systems and Components, and Other equipment to Anniston Army Depot
- Depot maintenance of Powertrain Components, and Starters/Generators to Marine Corps Logistics Base Albany
- Depot maintenance of Construction Equipment to Anniston Army Depot and Marine Corps Logistics Base Albany
- Depot maintenance of Tactical Vehicles to Tobyhanna Army Depot and Letterkenny Depot
- Depot maintenance of Tactical Missiles to Letterkenny Army Depot
- Supply, storage, and distribution functions for tires, packaged Petroleum, Oil, and Lubricants, and compressed gases
- Storage and distribution functions and associated inventories of the Defense Distribution Depot to the Defense Distribution Depot, Oklahoma City
